If you are late renewing your subsidy, you will be asked to cover the cost and Kids Klub will reimburse or credit you the amount when received by Subsidy.

WITHDRAWAL FROM KIDS KLUB

Four weeks written notice to the Head Office, is required if you are withdrawing your child from any portion of our program. If the four weeks written notice is not given, you are required to pay for six weeks from the date of withdrawal. This applies also to children who are going from Full Time to Part Time or Drop In Care. In the event of your child being away for any reason (including but not exclusive to holidays and maternity leave), your regularly monthly fee will be charged to keep your spot.

LATE DROP OFF

In order to prevent any "missing children" concerns, it is imperative that the site be contacted before noon if your child will be absent that day. If there is no answer please leave a voice message. Please let the site manager know if your child will be late arriving to Kids Klub. During the School Year sites have strict drop-off schedules for ensuring that children arrive to their schools on time. If this is a concern please talk to your site manager to find out their departure time in the mornings. During the Summer Day Camps, out-trips often begin in the morning so we ask that your child arrive no later than 9.30am to the Summer Program.

If your child is away: Please call the site and either talk to the Manager or leave a message informing the staff that your child will be absent and for how long. Looking for children at the school or calling the police if we think your child is missing because you forget to call causes undue stress for everyone.

Late Pick Up

A late pick up fee of \$10.00 for every ½ hour, or portion of, is charged to the parent when the child is not picked up at the site's specified closing time. Please phone the site as soon as possible when you are going to be later than your usual pick up time. If a guardian has not picked up a child or called by 6:00pm, the caregiver will try to contact the family and then the alternative person/s from the authorized pick up list. If that person is unavailable and the parent has not contacted the caregiver 20 minutes after the site closes, the caregiver is required to notify the Ministry of Children and Families.

If late pick up becomes a problem, you will receive a warning letter. If late pick up is an ongoing problem and reasonable effort has been made to solve it, Kids Klub may choose to terminate care for your child.

EMERGENCY SCHOOL & SITE CLOSURES

If Kids Klub has to close due to an emergency such as fire, earthquakes, flood, snow days or any other emergency beyond our control you will be asked to come immediately to pick up your child. **There will be no refunds for emergency school & site closures.**

PERSON'S AUTHORIZED TO PICK UP YOUR CHILD

The parent / guardian is required to notify the caregiver **in writing** if someone else will be picking up the child. If the caregiver does not know the person picking up the child, information about the person will need to be provided (name, phone number, and physical description). The person will be asked to show photo identification. Children will not be permitted to leave Kids Klub by taxi, bike, or without a parent/guardian. Release of a child:

If a person authorized to pick up a child is incapable of safe care the Kids Klub staff will:

Several after school out-trips take place in which the children do not return to the site until 5:30 p.m. If your child needs to be picked up before this time on any particular day or on a regular basis, please request that your child stay at the Kids Klub site on those days—we will do our best to accommodate your request.

SICKNESS

Kids Klub is committed to providing a safe and healthy environment. If your child is sick, or displays the following symptoms, we ask that you make alternative care arrangements: A persistent fever (38.8 C or higher), unexplainable rashes, vomiting, diarrhea, cough, or pink eye, or is too ill to enjoy Kids Klub activities. If your child becomes sick at Kids Klub we will contact you to pick him or her up. Staff will not administer any medication to a child without prior written consent. If lice is found at home, Kids Klub or school, out of consideration for other children in the program, your child cannot return to the program until the lice has been treated, the nits combed out, and the problem is removed.

FIRST AID & MEDICATIONS

First aid treatment does not include any form of orally ingested medications. Medication will only be administered on the written request of the parent/guardian or upon permission given via telephone to the centre for an emergency situation. If your child contracts a communicable disease, he or she may not return until your doctor or public health nurse gives written permission.

A note concerning Epipens: This applies to any child in a Kids Klub program who has severe allergies and is in need of a medication administered in an Epipen.

In case of Anaphylactic Shock & the child is conscious:

1. Staff will call an ambulance for assistance
2. Guide/help the child administer their own medication
3. Call the parent and advise them of the situation

In case of Anaphylactic Shock & the child is unconscious:

1. Staff will call an ambulance for assistance
2. Administer First Aid
3. Medication only administered by staff if the parent/guardian has given written approval

It is the responsibility of the parent to ensure the staff know how to administer the Epipen. The child must carry the Epipen with them at all times, including out-trips.

Guidance and Discipline Policies

Guidance and discipline in Kids Klub Centre is provided to ensure a safe and healthy learning environment in which each child can feel secure, respected and valued. Each child will be encouraged and supported to develop positive relationships with peers and staff. Staff will strive to be positive role models, showing respect for children, parents, co-workers and their environment. To this end, parents/guardians can expect that staff will:

- Demonstrate physical interaction as well as provide clear, simple and consistent limits regarding appropriate behaviors within the Centre; such limits will be offered in a positive manner.
- Harsh or belittling language will not be used at any time.
- **Physical punishment will not be used at any time.**

Kids Klub Staff will use the following intervention strategies to help correct inappropriate behavior and encourage suitable behavior:

1. Give verbal direction or re-direction as the main and first means of guidance and discipline.
2. Clearly communicate the expectations of each child and the logical consequences of inappropriate behavior.

For example... when a child uses physical aggressions as a means of expressing anger, we would

- Acknowledge the child's feeling and remind the child that we cannot allow anyone to hurt anyone else in Kids Klub.
- Model problem solving skills by explaining that other children do not like to be hurt and that the other child may not understand what the first child was upset about. We would then ask the child to tell the other child with words why he or she is angry. Together with the support of the staff, the children will be given the opportunity to work through the situation.

3. Provide an opportunity for the child to have some "time away" if they need to gain self-control.

Time away is a method used to show children that being redirected from an unfavorable situation to a more calming area allows them to manage their own behaviours. When a child displays the same inappropriate behavior repeatedly, even after verbal intervention by staff, the child is given the choice to either change the inappropriate behaviour or leave the activity they are involved in and go to a quiet space in another area of the room. The staff will go, when the child is calmer, and discuss better ways to solve his/ her problem in the future, and/or engage the child in a dialogue on this subject. When the child has regained control of his/her emotional and physical state, the staff person will invite the child to participate in the activity with the group.

In addition, Kids Klub staff will:

1. Strive to recognize and identify the child's feelings in situations that may cause difficulties for her/him.
2. Holding or physically restraining a child must **only** be used if she/he presents a physical danger, either to self or peers, this technique will only be used as a last resort and be implemented by staffs that have had the appropriate training. Such restraint will protect the child until she/he is once again in control of her/himself.
3. Supervise the child at all times and will not remove the child to an unsupervised area as a means of discipline.

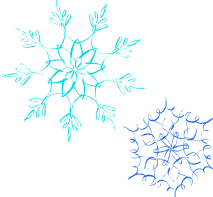

Parents/guardians are encouraged to question staff if they are unclear about the handling of any incident within the Centre. As partners guiding your child through these key development years, it is desirable that staff and parents work closely and honestly together. Staff will be pleased to discuss any questions you may have about any aspect of the Guidance and Discipline guidelines.

4. For children requiring extra support

- * A care plan must be developed with the help of the parents and health care professionals that include all of the VIHA required information as outlined in the Child Care Licensing Regulations.
- * Care Plans must be reviewed annually.
- * All Staff working at the center must be made aware of care plans that have been put in place.
